

# PRIVATE PILOT GROUND SCHOOL INTERACTIVE ONLINE COURSE

MONDAYS 7:00 PM - 9:30 PM

STARTING JAN 31!

## ABOUT THIS COURSE

This 10-week interactive online course will cover the aeronautical knowledge areas required by 14CFR 61.105 and prepare you for the FAA Private Pilot Knowledge Test.

Classes are open to anyone: student pilots, rusty pilots, or anyone who is a pilot at heart!

*100% Knowledge Test Pass Rate!*

## RACHAEL WEBSTER, PHD

Rachael is an Advanced and Instrument Ground Instructor as well as an Honored Instructor at UC Berkeley and certified professional coach who has been teaching in-class and online science courses at Bay Area colleges, universities, and elementary schools for over a decade. She is a pilot and aircraft owner.

## THIS COURSE WILL

MOTIVATE you to want to learn  
ENCOURAGE you to ask any and all questions  
CONNECT you to other student pilots  
EMPOWER you to become a knowledgeable pilot

## REVIEWS

*"Rachael is an energetic and engaging teacher. It's great to have real-time interaction with a teacher who will explain things in different ways until you get it. I absolutely recommend her class over the other online ground school courses out there."*

*-Tim, Software Engineer*

*"Rachael is an ACE at teaching ground school to Student Pilots. She uses humor and patience to make learning a complicated subject both attainable and enjoyable! I highly recommend this class to anyone looking for an engaging ground school."*

*- Mike, CEO*

*"Rachael's course was fabulous. She was engaging, informative, and so enthusiastic! Definately looked forward to our sessions each week. Highly recommend to family and friends!"*

*-Irene, Stanford MD*

*"Rachael's course was really awesome and I learned a lot. She was very enthusiastic about the material and aviation in general. Very highly recommend!"*

*-Anand, Aerospace Engineering PhD*
